

EXPEDITORS TRANSCON

Retail Fixtures & Displays

Retailers connect with customers and drive sales through visual displays, retail fixtures and kiosks, all of which make their products attractive and accessible to shoppers. Expeditors will seamlessly link your business to your customers, allowing you to rely on our expert knowledge of retail supply chain management when creating your timeline and budget for new store openings, seasonal promotions and new product rollouts. Expeditors understands the critical nature of meeting delivery deadlines, and ensuring the integrity of the fixture or kiosk, while not disrupting store traffic.

SERVICES

- Customized solutions tailored to your unique project requirements
- Single driver or two or more person crew, lift gate truck, inside delivery to point of use, unpack and debris removal
- Meet national, regional or local promotional roll out schedules
- Assembly of the fixture - basic installation and placement
- Time specific delivery
- Centralized project management to monitor, track and coordinate supplier production schedules and in-store deliveries
- Scheduled delivery to meet an installer
- Coordination of the delivery with store personnel

VALUE ADDED ELEMENTS

- Increase the number of displays and kiosks placed
- Ensure the integrity of the fixture, display or kiosk nationwide
- Meet national roll-out dates
- Faster deployment to the store
- Reduce or eliminate warehousing fees
- Trained driver teams specializing in handling fixture, display and kiosk materials and their components
- Competitively priced options, exclusive capacity, and strategic carrier partners
- All-risk coverage options against loss or damage during transit
- Existing infrastructure with a comprehensive network of offices. Technology platform to support national and regional roll-outs
